

Illinois Invasive Species Project

Your job is to work as part of a group to raise awareness about an invasive (non-native) species here in Illinois. Your group will be creating a dodecahedron with information about the species. A dodecahedron is a 12-sided figure- so here's what you need on each of the sides!

Side	Contents	Notes
1	<ul style="list-style-type: none">• Name of organism• Picture of organism• Your names• Class hour	
2	<ul style="list-style-type: none">• Native habitat of organism• Map	
3	<ul style="list-style-type: none">• Invaded habitat of organism• Map	
4	<ul style="list-style-type: none">• How did your organism arrive in Illinois?• Picture	
5	<ul style="list-style-type: none">• Description of the organism (size, color, life span, etc.• Picture	
6	<ul style="list-style-type: none">• Reason #1 why the organism is bad• Picture	

7	<ul style="list-style-type: none"> • Reason #2 why the organism is bad • Picture 	
8	<ul style="list-style-type: none"> • Reason #3 why the organism is bad • Picture 	
9	<ul style="list-style-type: none"> • Possible solution #1 • Picture 	
10	<ul style="list-style-type: none"> • Possible solution #2 • Picture 	
11	<ul style="list-style-type: none"> • Possible solution #3 • Picture 	
12	<ul style="list-style-type: none"> • 2 interesting facts about the organism • Picture 	

Illinois Invaders!!!!
